SUMMARY

I have developed a strong foundation in **Python, JavaScript, HTML, CSS**, and **SQL**. Completed Harvard's CS50x course, building a web-based game using Flask and SQL. I've enhanced my technical skills through the JUST IT Software Development Bootcamp, with hands-on experience in web development and database design. Eager to contribute to a development team and grow as a software developer. I'm expanding my skillsets with **React, Fast API** and many more appropriate skills.

SKILLS

Frontend Development: HTML, CSS, JavaScript, React

Backend Development: SQL, Python, Django, Fast API

General Skills: Web development, database design, problem-solving, version control (Git/GitHub), Data Structures, Algorithms, Technical Mindset

Soft Skills: Collaboration & Communication, Customer Service & Communication, Teamwork & Collaboration, Problem-Solving & Adaptability, Commercial Awareness & Initiative,
